**Dear Praying Family & Friends:**

Great is the Lord and greatly to be praised!

In behalf of my family and the Church, I would like to convey our utmost gratitude to you for partnering with us in terms of your love, thoughtfulness and generosity. We cannot imagine the sacrifices you've made to help rescue the perishing Souls in northern Uganda and around the globe, such kind of work is commendable indeed!

**Updates for the last two Months:**

God enabled us open a ministry known as Adults literacy, not only focuses on how to write and read the alphabet and Bible words but reaching Souls with the Gospel of our Lord Jesus Christ, so far the result is promising. Likewise our Bible Institute for Adults has resumed, the aim is to prepare both men and women especially couples for fulltime ministry. We got the idea that training husband only leaving out the wife, based from our previous experienced is a big mistake, now it is high time to train both of them to enhance one heart and mind for the cause of Christ.

Currently, we are busy not only in soul winning and building our people spiritually but we are also tide-up for plastering the inside part for our Church auditorium in preparation for Second Annual Pastors' and Workers Conference on September 12-13, 2011. This year we're expecting more delegates coming from various places of the country.

Please pray that God will use this occasion to challenge Bible believing Independent Baptist Pastors, Preachers and Workers to grow stronger in the Lord and be more concern with the business of our Master and Savior Jesus Christ, especially in the area of Soul winning, discipleship & Church planting. Our Preachers in Acholi land are doing a good job, they began training men for their Bible Institute and putting up their Church building using poles, mud-blocks and grasses. It's been a blessing to see people saves and on fire for Christ, for the last two Months many people made their profession of faith in Christ as their Savior but only twenty two of them followed the Lord through water baptism. All these things were done by God's enabling grace and through your constant support.

As far as my family is concern; my wife is doing well with Children ministry, Soul winning, visitation and home-school. The kids are growing fast, especially Eljane is taller than her Mom, Lemuel is skinny but not sickly at this time, they like eating cassava, beans and white ants, they also having pet; two female dogs with ten puppies and turkeys. Brethren, thank you so much for holding the rope for us! Our prayer is that God will richly bless you all!
