

LINDA GREEN
MISSIONARY TO UGANDA
Col 3:23

JAN-FEB 2010

Dear Fellow Supporters,

SOROTI ORPHANAGE ASSISTANCE PROJECT: The new Orphan Outlook is on line. This paper talks about the Orphanage and the children as well as photos and a little background of our 3 new orphans. Visit the web site: www.soapUganda.com

BE CAREFUL WHAT YOU PRAY FOR: We are only in the second month of 2010 and the people have been complaining about the hot weather we have had. My thermometer read 94 degrees, I think this is the hottest it has been so far this year. Yet, people would mention during prayer time Lord we need cooler weather...well, we have it...I think the rainy season has come early this year and the weather is cooler. However, as of yesterday there was a mud slide in Mbale a town about 1 and 1/2 hours from Soroti. The news report has stated about 90 people are missing or dead. As I type this letter the Army is still digging trying to find victims. Also, in East Africa a town called Bududa also because of the heavy rains had a big mud slide that has killed about 350 people thus far. Of course, all our people only wanted was cooler weather not all the rain that caused the mud slides. Yet, we should be careful about what we pray for. *Pray for the people who have lost love ones and their homes.*

SOWING THE SEED: For the past 4 weeks me and some of the young girls of the church have been going to an area called Nakatunya passing out tracts. The young girls' ages range from 16 to 23. One time I had 4 of them with me and we covered a vast area that week.

Most Saturdays we walked any where from 3 to 8 miles to pass out tracts. It has been a joy to see these young girls witness to others about Christ. Well, a couple of weeks ago still in Nakatunya it was only me and one of the girls, age 22, passing out tracts. We had a good time talking to people; however, this area was mostly populated with local bars. It was about 11 am and people had started drinking, already! We passed out over 300 tracts in a matter of a couple of hours. The blessings were no one was rude or tried to hurt us in any way, and as we told them about Jesus they would listen and allow us to hand out tracts to everyone there. Oh, a real blessing was the music was not that loud, if they had music and they could here us speak otherwise, most of the time the music is extremely loud. I would never put our girls in harms way, but this was part of the area and someone has to tell these people about Jesus, so why not us....*Pray for us as we go to these area's and pray for our young girls as they live for Jesus.*

LET YOUR LIGHT SHINE: Coming back from visitation one Saturday, I heard a bike slowly following me...I did not turn around. It was daytime about 2 pm, so what did I have to fear. It was a young man named Basil whom I knew not, stopped me and asked me to tell him how to be saved...I don't know how he knew me, but I began to talk with him and right there on the road, Basil, 16, asked Christ to be his Savior. *Pray for his growth.*

Because of Him,
Linda Green
